SARAH NETBURN, United States Magistrate Judge:

On January 30, 2017, the Ashton plaintiffs submitted a letter concerning solatium claimants Antoinette Tammome and Anthony Porrazzi, which explained that they had pre-deceased 9/11 decedent Bettina Browne-Radburn, and were therefore ineligible for solatium damages. ECF No. 3438. On counsel's motion, Judge Daniels vacated the default judgments previously granted to these claimants on January 31, 2017. ECF No. 3442.

Because these plaintiffs died before September 11, 2001, they can have no claims in this multidistrict litigation against any defendant. Accordingly, the Ashton plaintiffs are directed to submit a proposed order for the Court's signature dismissing with prejudice all claims for Antoinette Tammome and Anthony Porrazzi in this litigation.

SO ORDERED.
